- I. When they were right and in harmony, the thinking was right (inside [the Divine Dynasphere](#) (DD))
- II. They could listen with objectivity and understand Biblical concepts.
- III. Their objectivity made it possible for them to distinguish between a person and his sins. Living in the DD resulted in the awareness of GOOD and EVIL.
- IV. Impersonal love caused them to hate sin and love the sinner, despise the deeds of the Nicolaitans, and distinguish the difference between people and *the deeds* of people. They despised the functions of the Phallic cult.
