OSN – NOT THE SOURCE OF SIN

Old Sinful Nature (OSN): The nature within all people that produces disobedience.

The OSN is the home for the imputation of Adam's original sin. This nature is inherited from Adam (Rom. 5:12; 6:7; Gal. 5:16-19) .

NO ONE EVER SINS APART FROM HIS OWN HUMAN CONSENT!

ONLY WHEN VOLITION PASSES TEMPTATION INTO THE SOUL DOES THE OSN CONTROL THE SOUL AND THE INDIVIDUAL ENTERS THE COSMIC SYSTEM.

THE BELIEVER IS ONLY HONORABLE AND FREE FROM SIN INSIDE THE DIVINE POWER SPHERE.

1. The OSN is Satan's inside agent for producing temptation (sins of cognizance, ignorance, and human good or evil).
2. The OSN resides in the human body and is the source of all Temptation - NOT SIN - TEMPTATION!
3. The Volition (free will) faces daily the temptations from the OSN therefore the volition GUARDS THE SOUL!
4. The objective of the OSN is to control the soul!
5. The OSN is constantly throwing up temptation and cannot control without volition's permission. When temptation reaches the gate (door) of the soul, if volition says "NO" then the OSN is defeated.
6. But if volition says "PASS THROUGH" then the temptation becomes SIN!
7. THE ORIGIN OF SIN HAS ALWAYS BEEN HUMAN VOLITION. The first sin - the partaking of the forbidden fruit was a sin of volition! The woman looked at the fruit, longed for the fruit, laid hold on the fruit and lost her relationship with God. VOLITION DID IT!!! OSN is the source of temptation; it is NOT the source of sin.
