

## **VACATION FROM GOD**

1. Many times prosperity results in neglect of God's Word.
2. Often folk take the prosperity they have received from the DD and then step out for a vacation. They take DD prosperity and move to the Cosmic system.
3. Here they become preoccupied with the results of prosperity rather than the origin of prosperity.
4. This test is the most subtle and difficult of all tests.
5. Subtle because it requires as much, if not more truth for both capacity and perpetuation of that prosperity.
6. In adversity you can lean into it and carry on—But in prosperity a person can be knocked down so easily.
7. Too often prosperity becomes the enemy of right priorities for a true scale of values.
8. Many times prosperity destroys-sometimes it takes years to do so.
9. Believers living in God's pivot will keep a nation prospering.
